S. 2726. A bill to clarify the definition of nonadmitted insurer under the Nonadmitted and Reinsurance Reform Act of 2010, and for other purposes; to the Committee on Banking, Housing, and Urban Affairs.

Mr. LEAHY. Mr. President, today, I introduce the Captive Insurers Clarification Act. This simple, common-sense legislation will clarify terms included in the Dodd-Frank Wall Street Reform and Consumer Protection Act that stand to threaten the viability of the captive insurance industry in Vermont, South Carolina, and across the country. I am glad to have Senator Graham's support in this effort.

Vermont is one of the leading on-shore captive insurance domiciles in the country, with over 1000 licensed captive insurance companies. I have heard from the captive industry in Vermont, understandably concerned that language included in the Dodd-Frank Act may result in the double taxation of captives that operate in states where their headquarters are not domiciled. The Nonadmitted and Reinsurance Reform Act, NRRA, as included in Dodd-Frank, intended to facilitate the proper collection and allocation of self-procurement taxes. Captives are taxed and regulated in the state in which they are domiciled, not necessarily where their corporate headquarters are located. However, due to the ambiguity of the NRRA, captive insurers are concerned that both the state in which a captive is headquartered, and the state in which the captive is domiciled, may claim the premium tax.

The Captive Insurers Clarification Act would simply clarify that such

companies were never intended to be included under the Nonadmitted and Reinsurance Reform Act. Applying the NRRA to captives would eliminate the specialized regulation of the captive industry that states like Vermont have worked to cultivate.

This is commonsense legislation to clarify the intention of Congress in passing the Nonadmitted and Reinsurance Reform Act, and I hope Members of Congress will support its enactment.

By Ms. HEITKAMP:

S. 2740. A bill to require the Secretary of Veterans Affairs to establish a voluntary national directory of veterans to support outreach to veterans, and for other purposes; to the Committee on Veterans' Affairs.

Ms. HEITKAMP. Mr. President, today I am introducing legislation to help new veterans get information about the programs, benefits and services available to them as they transition back to civilian life. The Connect with Veterans Act will make it easier for cities, counties and tribes, as well as the State Departments of Veterans Affairs, to interact directly with new veterans.

Since I joined the Senate in January 2013, I have traveled all across North Dakota, listening to our veterans. One thing I heard, time and time again, was the need for more information about programs and services. Recently, I hosted my first Native American Veterans Summit in Bismarck, ND. One of the things which struck me at the Summit was how the Department of Veterans Affairs and other agencies simply weren't connecting with the veterans who wanted information about health care options and other benefits. It is clear that we, as a society, must do better.

In June 2013, I was proud to form the Senate Defense Communities Caucus along with my co-chair, Senator JOHN-
NY ISAKSON. We found that people and

communities all across the nation are passionate about helping our military perform its mission. Through my work with the Caucus, I found these communities are equally passionate about helping our veterans as well. I heard, through a close partnership with the Association of Defense Communities, that folks wanted to do more, at the local level, to help veterans.

From those ideas, the Connect with Veterans Act was created. It is a simple bill, and one that is entirely voluntary. Separating servicemembers can choose to share their contact information with the communities they are moving to after their military service. Interested cities, counties and tribes can request the contact information for the new veterans moving to their area and then provide them with information about services and benefits. Throughout this process, the veterans contact information will be kept secure.

It is critical that we provide veterans with access to the benefits and services they have earned once they leave the military and—knowing what services and benefits are available to them is the first step. This bill will expand the sources of information available to veterans. It is not just the VA that has the responsibility to help veterans. We all share that responsibility.

I have heard from North Dakotans, in particular, about how this bill would be incredibly beneficial as many communities in my state have unmet employment needs. Veterans have proven to be great employees. And, with good-paying jobs in North Dakota, this program can provide a way to bring veterans into these open positions. But this bill gives local control of what information is provided to veterans. Communities throughout the nation will be able to make this program fit their needs.

Our Nation must do a better job of taking care of our veterans. A great first step is figuring out how best to welcome new veterans into our communities. I know my bill will help that critical process.
